

WE EARN OUR STRIPES

WITH CLEAR VIEWS & RUGGED DURABILITY.

Wagner has been earning our stripes by bringing new technologies and solutions to market for more than 100 years. Now we've taken that commitment further with a new line of HD wipers.

Built for heavy-duty applications, these blades feature rugged construction and all-weather materials that power through rain, snow and other demanding conditions. Designed for easy installation, Wagner HD Wipers deliver rugged durability and keep your line of sight clear—mile after mile.

RUGGED PERFORMANCE

Engineered to handle the harshest environments and conditions.

LONG-LASTING DURABILITY

Built with premium materials for extended blade life.

EASY TO INSTALL

Quick-fit connectors save time and reduce hassle.

EXTENSIVE COVERAGE

Range of sizes and adaptors for broad compatibility.

MEET REQUIREMENTS FOR
FIT, FORM & FUNCTION

BUILT FOR HEAVY-DUTY DEMANDS

LONG-LASTING DURABILITY

UNIVERSAL CONVENTIONAL

CLEAR DEPENDABILITY

Constructed with durable materials and a smart, budget-conscious design, Wagner HD universal wiper blades offer dependable wiping power and broad compatibility.

UNIVERSAL BEAM BLADE

STREAK-FREE VIEWS

Designed to apply pressure evenly for streak-free visibility, Wagner HD universal beam wiper blades fit 98% of vehicles and install with ease.

HEAVY-DUTY

BUILT TOUGH

Designed to conform to the curves of the windshield for a superior fit, Wagner HD heavy-duty wiper blades deliver consistent, streak-free wiping in tough conditions.

HEAVY-DUTY UNIVERSAL WINTER

RUGGED DESIGN

Built for harsh winter conditions, Wagner HD heavy-duty winter wiper blades feature a rugged rubber boot that protects the frame from harsh conditions.

HEAVY-DUTY WINTER BEAM BLADE

CONSISTENT DURABILITY

Designed to wipe away the worst of winter elements and grime, Wagner HD heavy-duty winter beam wiper blades are built to apply even pressure for streak-free visibility.
